Will do; should we take the package to the Administrator after your show?

Carl, let's put the two concurrence e-mails in the package under the sign-off page. Also could you please put Scott's e-mail on the front with a note from you to Peter. I suggest that your note say something like (in your own style):

Please see Scott Biehl's note indicating that the memo to the file explaining FTA's rationale for going directly to an FEIS (instead of requiring interim/supplemental NEPA work) needs more staff work to withstand future scrutiny. Scott indicates, contrary to earlier thinking by others on this matter, that a delay in finalizing the memo does not necessarily preclude your sending the letter to the Mayor today as scheduled. TPE, TCC and Region IX have concurred on the letter. Staff from the three offices continues to work on the memo to the file; we do not yet have a date for completion.
